Hi, I'm Makena Lee

# YOUR WEDDING PHOTOGRAPHER

Hi! I'm Makena Lee. A bold, yet natural photographer in the Greater Milwaukee area. I currently live in Hartland, WI and travel all around. I have a passion for taking timeless photos of happy couples during their engagement and on their wedding day.

# HOW IT WORKS

01

## REACH OUT

Lets chat! I will send over my pricing guide and any other relevant information you request. Please respond with any questions you may have or lets schedule a phone call.

02

## LET'S CHAT

After our initial chat, I love to discuss with all brides/grooms over the phone to make sure we are a good fit! This is also important as all packages can be customized since I want to create the perfect package for your wedding day.

03

## BOOK IT

Once we have decided we are a good fit, I will email over the booking information including the contract and invoice. When you're ready, sign the contract and pay the 30% non-refundable retainer and we will offically be set for your big day.

04

## IT'S THE BIG DAY

Prior to your wedding day, we will have discussed again on the phone or have gone over a timeline. Once your wedding day is here, I will have a smooth timeline of the day and we will be ready to create magic!

*Makena was such a pleasure!*

Makena Lee did an absolutely amazing job for our wedding!! She had many great ideas for various photos and was fun and very easy to work with. The family and friends were all talking about how much they loved having her there and how she made everyone feel relaxed and smile. We received a few sneak peak pictures the next morning and we can already tell things went amazingly and the photos are absolutely top notch. She caught in the moment shots, well planned shots, and just casual random shots. She was on the ball all day and night in every way. Can't say enough great things! I'd absolutely recommend her to anyone.

# HOW I SHOOT MY WEDDINGS

*the experience*

## All about my method...

When it comes to your wedding day, it will be unique to not only you, but to me, too! I edit all of my sessions in a similar way so you know how your photos will look but when it comes to the day of, I will be doing what is best for you!

We will chat before your big day (multiple times) and I will need to know all scenarios of your day! Outdoor ceremony and photos during the day? Great! Indoor photos in a dark area? No problem - I will bring lighting.

One of my best qualities of being a wedding photographer is my calm and easy-going nature. I will be the most stress-free part of your day. If we need to go with the flow, I love it!

A bride and groom are shown in a close embrace, sharing a slice of pepperoni pizza. The groom, on the left, is wearing a dark suit and has his eyes closed in a moment of joy. The bride, on the right, is wearing a white lace wedding dress and is smiling warmly at him. They are both holding the same slice of pizza. In the foreground, an open cardboard pizza box is visible, containing a whole pepperoni pizza. The background is a blurred wedding reception with other guests and warm lighting.

THANK YOU!
